

July's Study Report

@takegawa

Tokyo Univerisity etc

2016 7/31

1 Introduction

2 Background

3 Plan

4 Math Caffe

Recently Dilemma

Dilemma 1

In the future, Our Company will be defeated. But I have no idea.

Dilemma 2

I should study and detect refinement of our product. But I'm not interested in Storage at all.

Dilemma 3

I love mathematics. But this is not used for my business now.

My Decsion

Decision 1

I get porper skills to make a living without dependig company.

Decision 2

I serach something interesting in platform software technolgies.

Decision 3

I know how the people who love mathmatics do and what they do.
